Program Abstract

Be confident with your ICD-10 Transition Plan! CMS has confirmed that all health care providers will transition to ICD-10-CM on October 1, 2014. This transition will expand diagnoses code assignment from just 13,000 codes to over 68,000 codes. Increased diagnosis code precision will better accommodate ongoing medical advances across all settings, and further verify the internal consistency of health assessment and documentation data vital for accurate reimbursement.

Ensure success with your transition to ICD-10. This fast paced interactive program will provide hands-on code activities to ensure staff have the required expertise to smoothly convert to this advanced practice code set.

This two-day Boot Camp provides the training and tools to enhance code accuracy for home care and hospice. Tools and tips are included to ensure success with your ICD-10 transition.

It is required that all participants have access to an ICD-10-CM Manual to engage in all interactive code activities during this program. ICD-10-CM Tools included with this program: ICD-10-CM Crosswalks; ICD-10-CM Anatomy and Physiology Self-Assessment Tools; ICD-10-CM Post Program Competency Evaluation.

Program Outline

- Similarities and differences between ICD-9-CM and ICD-10-CM for the top home health diagnosis categories
- Code manual organization and rules for use
- Application of Guidelines & Convention to common home health scenarios
- Chapter specific review and application of ICD-10-CM to common and complex home health scenarios
- Pathophysiology that drives the accurate selection of each diagnostic code assignment
- Dual coding for front end payer testing
- Top 20 home health scenarios
- Tips and tools to streamline ICD-10-CM coding and enhance code accuracy

Target Audience

Agency coders; Reviewers; OASIS Specialists; Supervisors; Clinical Coordinators; Educators; Clinicians; Performance Improvement Staff, Billers, Agency staff that support clinical review processes.

Materials

UPDATED: KHCA will copy all handouts. ICD-10-CM Boot Camp materials are approximately 220 pages, and will be copied two sided (110 pages) and three-hole punched for ease of use by attendees. **Each attendee should plan to bring a 1" or 1½" three-ring binder for the handouts. In addition, all attendees must have an ICD-10-CM Code Manual for this program.**

More About ITV

This program will originate at the BEST Conference Center at the University of Kansas Edwards Campus in Overland Park. Additionally, the program will be broadcast by Interactive Televideo (ITV) to other sites across the state. If you live or work too far from Overland Park, you may find that attending at one of our ITV sites is a good option for you. ITV lets you to do more than merely listen to a lecture. Two-way video and audio allows full interaction between participants at all locations and the speaker. Ask a question from Pratt or Sabetha, and the speaker in Overland Park can see, hear and respond back to you. ITV is an easy, convenient way to participate in this program. Please keep in mind that participants at ITV sites are likely to be viewing the program on a TV monitor, not a large screen, in a smaller meeting room.

NOTE: Seating is very limited at ITV sites—don't delay in reserving your seat.

About Your Presenter

Patricia Tulloch, RN, BSN, MSN, HCS-D

AHIMA Approved ICD-10-CM Trainer

Trish is a seasoned clinician with more than thirty years in the healthcare industry, including fifteen years in home health and hospice clinical management and more than fifteen years as a Senior Consultant with RBC Limited, a national Healthcare & Management Consulting Firm. She is a home health credentialed coder from the Board of Advanced Medical Coding, and an AHIMA Approved ICD-10-CM Trainer. She currently consults with multiple health care organizations and agencies to meet regulatory and accrediting standards. She has received rave reviews from conference attendees and is a frequent presenter sponsored by professional, state and national organizations. Education topics include OASIS-C and ICD-9-CM and ICD-10-CM Coding; clinical and management best practices, legal documentation, survey and certification issues, effective quality improvement initiatives. Member of AHIMA and an Approved AHIMA ICD-10 Trainer.

CE Credit

Through the Kansas State Nurses Association, KHCA has applied for 13.2 contact hours of credit applicable for RN and LPN relicensure.

KHCA is also seeking approval by the Board of Medical Specialty Coding & Compliance for 11 CEUs towards the maintenance of the HCS-D credential offered by the BMSC.

Questions?

Contact Kristen Ada, KHCA Program Manager, at (913) 669-0460 or kada@kshomecare.org

KHCA greatly appreciates the time and effort on the part of our speakers/vendors in providing information for our attendees. The Kansas Home Care Association feels an obligation to present the widest possible viewpoints represented in the home care and hospice arena. However, the participation of any speaker/vendor/product in our presentations does not constitute an endorsement by this association. As always, you are strongly advised to seek further counsel and exercise diligence in making any decisions that affect your business or the quality of services you provide.

Registration Information

Pre-registration is required and should be made on-line... [CLICK HERE](#) to register.

Fees: KHCA Members – \$195/person
Non-Members – \$390/person

The registration fee includes two full days of training as well as handouts. Breaks and lunch will NOT be provided due to the multiple ITV site format. Participants are encouraged to bring their own refreshments.

NEW! Registration Deadline: Wednesday, March 26, 2014.

A confirmation e-mail will be sent upon receipt of registration.

Cancellations: Refunds, less a \$25 processing fee, are available for cancellations received by April 2. No refunds will be given for cancellations received after April 2. No-shows will be held responsible for payment.
