KHCHA greatly appreciates the time and effort on the part of our vendors in providing information to our attendees. The Kansas Home Care & Hospice Association feels an obligation to present the widest possible view-points represented in the home care and hospice arena. However, the participation of any vendor/product in this conference does not constitute an endorsement by this association. As always, the public is strongly advised to seek further counsel and exercise diligence in making any decisions that affect their business or quality of services provided.
