

Documentation Updates

Date and Times

Tuesday, December 6, 2016

Registration: 8:00 to 8:30 am

Conference: 8:30 am to 3:30 pm

Lunch: Noon to 1:15 pm

Location

DoubleTree by Hilton Lawrence

200 McDonald Drive

Lawrence, KS 66044

(785) 841-7077

Registration Fees

KHCA Members – \$120/day

Non-Members – \$240/day

Target Audience

Clinical staff, managers, QA staff and administrators; beginner to intermediate level of knowledge

CNE Credit

Kansas Home Care Association is approved as a provider of CNE by the Kansas State Board of Nursing. This course offering is approved for 6.6 contact hours applicable for APRN, RN, or LPN relicensure. Kansas State Board of Nursing provider number: LT0287-314.

Program Abstract

Auditors, MAC's and the OIG are focusing their attention on home health services for Medicare payment denials and fraud investigations. Learn how to protect yourself and your agency from this type of unwanted scrutiny. This program will identify three targets for medical review and home health fraud charges, and describe documentation points to meet Medicare criteria for homebound status, medical necessity and skilled care, support of case-mix reimbursement points, and coordination of care. We will also identify how documentation can "make or break" reimbursement during medical review, and the impact of the Pre-Claim Review Demonstration project on SOC documentation.

Since repeated recertifications are a red flag for MAC's, we will discuss how to determine whether to recertify or discharge a patient in various scenarios. Finally, the program will address how to implement an audit process for pre-payment review of home health claims, including an audit tool for key points.

Program Objectives

At the completion of this workshop, the participant will be able to:

- Identify targets for medical review and home health fraud.
- Describe documentation points to meet CMS criteria for homebound status, medical necessity, skilled care and care coordination.
- State documentation points to protect reimbursement for case mix diagnoses and OASIS clinical and functional items.
- Identify key points to determine whether recertification or discharge is appropriate.
- Implement an audit process for pre-payment review of home health episodes.
- Identify documentation points to allow accurate ICD-10 code selection.

OASIS-C2 Update & Improve Your Home Health Quality of Care Star Rating

Date and Times

Wed., December 7, 2016

Registration: 8:00 to 8:30 am

Conference: 8:30 am to 4:30 pm

Lunch: Noon to 1:15 pm

Location

DoubleTree by Hilton Lawrence

200 McDonald Drive

Lawrence, KS 66044

(785) 841-7077

Registration Fees

KHCA Members – \$120/day

Non-Members – \$240/day

Target Audience

Clinical staff, managers, quality improvement staff

CNE Credit

Kansas Home Care Association is approved as a provider of CNE by the Kansas State Board of Nursing. This course offering is approved for 7.5 contact hours applicable for APRN, RN, or LPN relicensure. Kansas State Board of Nursing provider number: LT0287-314.

Program Abstract

OASIS-C2 Update: A new version of the OASIS data set and updated guidance is scheduled for implementation on January 1, 2017. The new OASIS-C2 will include several changes to bring home health assessment data collection into alignment with other post-acute provider settings. This program will explain the OASIS-C2 changes including three new data items, changes in the format of several OASIS items, updated guidance and look-back periods for nine current items, and a review of updated NPUAP pressure ulcer staging and descriptions applicable to OASIS-C2. We will practice applying the new guidance to home health scenarios to insure understanding and provide examples to use for additional staff training back at your agency.

Improve Your HH Star Rating: Is your Home Health Star rating where you want it to be? Identify how the Star rating is calculated, and the impact of this CMS tool. This program will provide focused improvement strategies for the nine measures used in calculating your Quality of Care Star rating, and provide guidance on OASIS items and best practices to improve performance.

Program Objectives

At the completion of this workshop, the participant will be able to:

- Identify changes in OASIS-C2.
- State changes in integumentary items.
- State OASIS item guidance for the Quality of Care Star measures.
- Identify strategies and best practices to improve your Star rating.

KHCA greatly appreciates the time and effort on the part of our speakers/vendors in providing information for our attendees. The Kansas Home Care Association feels an obligation to present the widest possible viewpoints represented in the home care and hospice arena. However, the participation of any speaker/vendor/product in our presentations does not constitute an endorsement by this association. As always, you are strongly advised to seek further counsel and exercise diligence in making any decisions that affect your business or the quality of services you provide.

Materials

Handouts will be made available online prior to the conference.

Participants will be required to print and bring a copy of the handouts with them to the conference.

Lodging

The DoubleTree by Hilton Lawrence has reserved a block of rooms at the special KHCA rate of **\$89 per night** (single and double, tax not included). The room block will be held until **November 21, 2016**.

Reservations may be made by calling the hotel directly at (785) 841-7077 and asking for the Kansas Home Care Association group rate, or by entering the code **KAH** in the group code section on the hotel [website](#). Reservations made after the cut-off date will be accepted on a space or rate available basis.

Speaker

Teresa Northcutt, BSN, RN, COS-C, HCS-D, HCS-H Senior Associate Consultant, Selman-Holman & Associates LLC

Prior to joining Selman-Holman & Associates, Teresa served as a Program Manager from Primaris, the Quality Improvement Organization for Missouri. She has presented on-site training for home health agency clinical staff on OASIS assessment and coding, focusing on customized clinical education programs and the practical application of guidelines by field staff. In addition, she has provided educational programs on agency communications and processes, quality outcome improvement, and care transitions for regional and state conferences. Certified in OASIS competency (COS-C) and as a Homecare Coding Specialist-Diagnosis (HCS-D), Teresa brings comprehensive and contemporary knowledge of home care and quality improvement methods. Teresa has had experience as Clinical Services and QI/Education manager with home health agencies (independent, hospital-based, and county health dept.), and as a hospital resource nurse, patient educator, and quality improvement facilitator. She received her BSN from St. Louis University.
