

# OASIS “101”

## Essentials for Clinicians

### On-Demand

Recorded in Nov. 2021  
Accessible through Dec. 2022

### Location

Your Office

### Registration Fees

KHCHA Members  
– \$140/agency  
Non-Members  
– \$180/agency

### Target Audience

- ⇒ Nurses and therapists that perform patient assessments and OASIS data collection.
- ⇒ QA staff who review assessments and OASIS responses for accuracy.
- ⇒ Education staff who provide orientation for new home health clinicians and introduce field staff to OASIS data collection.

### Materials

Handouts will be made available with the recording links.

### Program Objectives

This OASIS-D1 class is a little different! It is designed for home health clinicians who perform data collection at assessments, and covers key OASIS items:

- ⇒ PDGM Functional Score items used for payment
- ⇒ Quality items used for Quality of Care Star rating and IMPACT Act measures
- ⇒ Items used for Value-Based Purchasing (VBP)
- ⇒ Primary and secondary diagnosis selection and support
- ⇒ Key items used for risk adjustment of quality measures

Teresa provides CMS item guidance along with practical assessment techniques and documentation tips to ensure OASIS data you can trust, leading to accurate quality measurement and payment.

### Part 1—Conventions and ADL Items

#### Two Hours

- \* Identify three uses of OASIS data.
- \* List the OASIS items used for the PDGM functional impairment level.
- \* Describe one way that M1800 and GG items are different.

### Part 2—More Payment, Star and VBP Items

#### Two Hours

- \* List the OASIS items used for Quality of Care Star rating and Value-based Purchasing (VBP) scoring.
- \* Describe why risk adjustment is important in quality measurement and reporting.
- \* Define how to determine the primary diagnosis for a home care episode.
