Speaker

**Annette Lee, RN, MS, HCS-D, COS-C
Provider Insights, Inc.,
Des Moines, IA**

Annette is a registered nurse, with a Master's in Health Care Administration, practicing since 1990, with the majority of her nursing experience in home health and hospice. For over a decade she worked with the CMS intermediary (now called MACs) where she provided review of, and education on home health and hospice documentation. Annette then began providing outreach and provider education regarding Medicare reimbursement issues and effective documentation strategies, assisting providers with ADRs and appeals. Today she marries together her experience in the "real world" and the inside knowledge of Medicare to ensure providers can meet the requirements of CMS, and ensure compliant, efficient operations.
