Program Abstract

A little more than a year later, agency staff continue to have questions about compliance with the revised Conditions of Participation. The surveyor's guidance was published late, and because of this delay, agencies were not fined if they failed to comply with CoPs. This full-day seminar will assist the attendee with understanding Medicare standards for home health practice. Join Jennifer Gibson Osburn, who was a guest Home Health CoPs trainer for The Joint Commission in 2018, as she covers:

- The updated Conditions of Participation standards
- Interpretive guidelines to surveyors
- Practical ways to avoid citations and financial penalties

Program Outline

- ⇒ Patient Rights requirements
- ⇒ Assessment, care planning, and coordination of care requirements.
- ⇒ QAPI requirements
- ⇒ Organizational Environment requirements
